## Week Eleven – OPTIONAL HOMEWORK

### **“The Great Mystery”**

The Book of Esther is not long. Read through it slowly. Make note of the following as you go.

- 1) Ask the Lord to highlight what He wants you to see as you read through these chapters. – Make note of what jumps out at you!
  
- 2) Why was Vashti replaced? Did that reflect a system instituted by God or man?
  
- 3) How many times is the number seven mentioned? [Seven is an 'imperfect completion' – meaning it's done, but there will be another new beginning.]
  - a. Ask the Lord to show you any systems of the world in your life that He wants to replace with something 'new' from His perfect Kingdom.
  
- 4) Why didn't Esther make her request to the King the first several times he said he would grant it, no matter what it was, up to half his kingdom? He offered her a 'yes' at least twice before she made her petition known.
  - a. What could have been different had she jumped on an early but positive answer?
  - b. Are there times where you have jumped ahead and not received all God had in store for you?
